GUEST OF HONOUR

Dr LEE Ha-yun, Libby
*Under Secretary for Health,
Health Bureau, HKSAR*

Dr. LEE is the Under Secretary of Health Bureau, the Hong Kong Special Administrative Region since July 2022. She was the Director of the Strategy and Planning Division at the Hospital Authority administration before the current position. The Hospital Authority provides public healthcare services to the 7 million Hong Kong population through 27,000 beds in 43 public hospitals. The scope of her works includes strategy, service, capital and annual planning for the whole Hospital Authority. The current projects include the Hong Kong Children's Hospital, Queen Mary Hospital, United Christian Hospital, Kwong Wah Hospital, and the Hospital at Kai Tak etc.

She is trained as an anaesthesiologist in Queen Mary Hospital focusing on liver transplantation, pain management, electronic anaesthetic record system and simulation training. In 2008, she started her career in administration, first in Patient Safety and Risk Management as the Head of the Patient Safety and Risk Management Department in the Hospital Authority administration. The Department identifies clinical risks through incident management and the annual risk registration exercises, through which corporate strategies and risk reduction programmes are formulated, and quality improvement programmes in individual hospitals and clusters are facilitated and monitored. She then works in the Division of Strategy and Planning for public healthcare services development since 2011. In 2015, she also takes up the position of Deputizing Hospital Chief Executive of the Buddhist Hospital, overseeing the operations of the hospital as well as its refurbishment works.

WELCOMING REMARKS

Professor Peter P. YUEN
*Dean, College of Professional and Continuing Education,
The Hong Kong Polytechnic University*

Prof. Peter P. Yuen is Dean of the College of Professional and Continuing Education (CPCE) of The Hong Kong Polytechnic University (PolyU). He is also Professor of PolyU's Department of Management and Marketing. He received his Bachelor of Arts degree in Cellular and Molecular Biology and Master in Business Administration degree from the State University of New York at Buffalo, USA, and his Doctor of Philosophy degree in Health Economics from the University of Birmingham, UK.

Prior to his appointment as Dean of CPCE, Prof. Yuen held a number of management positions at PolyU, including Associate Vice-President (Management), Director of the Public Policy Research Institute, and Head of the Department of Management. He was also the founding Director of the Doctor of Business Administration programme in the Faculty of Business.

Prof. Yuen's research mainly focuses on public policy formulation and evaluation, and health services management. He is the Co-Editor-in-Chief of Public Administration and Policy and an Editorial Committee member of Asia Pacific Journal of Health Management. He was also a consultant for the Hong Kong Special Administrative Region (HKSAR) Government and the Bauhinia Foundation on a number of public policy related projects including the West Kowloon Cultural District, Sustainable Built Environment, Subsidised Homeownership, Managed Care in Hong Kong, and Health Systems Reform.

Prof. Yuen is currently the immediate Past Chairman of the Federation for Self-financing Tertiary Education (Hong Kong). He has served as a member of the HKSAR Government Manpower Development Committee, Health and Medical Development Advisory Committee, and the Committee on Self-financing Post-secondary Education. He is a founding Fellow of the Hong Kong College of Health Services Executives, and an Honorary Fellow of the Australian College of Health Services Management. He once served as Vice-President of the Chinese National Institute of Health Care Management Education, and President of the Hong Kong Public Administration Association.

A/Professor Zhanming LIANG

President, Society for Health Administration Programs in Education, Australia

Associate Dean, College of Public Health, Medical and Veterinary Sciences, James Cook University

Dr Liang is a leading researcher in health service management competency studies and the leader of the Management Competency Assessment Partnership (MCAP) Program, which has resulted in the development and validation of an evidence-based Managerial Competency Assessment Tool. The MCAP Tool can assess the competence of middle and senior level managers working in the health sector and provide evidence to guide the direction of management training and development. In the past three years, Dr Liang has been working with partners in China, Thailand and Iran to develop the capacity in health service management training, education and research in these countries.

As President of the Society for Health Administration Programs in Education, Dr Liang has played a leading role in shaping the health service management training and development in Asia Pacific.

In addition to the outstanding management competency research strength, Dr Liang also has expertise and extensive experience in teaching and researching in the areas of evidence-informed decision-making, health management workforce development, healthcare quality and safety, and program planning and evaluation.

OPENING ADDRESS

Dr Hon David LAM Tzit-yuen

Legislative Council Member, HKSAR

Dr. David Lam is the Medical and Health representative of the Legislative Council of HKSAR. He is a surgeon by profession. Having graduated in 1991 from the Chinese University of Hong Kong, he qualified as a Specialist in General Surgery in 1998. With respect to public services, he is a Member of the Hong Kong Council for Smoking and Health. He has previously served as Member of the Medical Council of Hong Kong, the Health and Medical Development Advisory Committee of the Food and Health Bureau and several Government committees related to VHIS, Private Healthcare Facilities Regulation and Medical Device. During COVID pandemic, he was Medical Director of the QES Vaccination Centre.

SPEAKERS

Healthcare Financing is the Key to Healthcare Systems Sustainability: The Case of Hong Kong

Professor Peter P. YUEN

*Dean, College of Professional and Continuing Education,
The Hong Kong Polytechnic University*

Health Care Systems Sustainability: The Role of Health Care Management Education and Continuing Professional Development

Professor Neale FONG

*President,
Australasian College
of Health Service
Management,
Australia*

Professor Neale Fong has more than 35 years' experience in medical, health care and aged care leadership roles. He is currently the Chief Executive Officer of Bethesda Hospital, Chair of the Western Australian Government Country Health Service Board, President of the Australasian College of Health Service Management, and a Non-Executive Director of ASX-listed companies Little Green Pharma and Intelicare Ltd, and the Australian Government Digital Health Collaborative Research Centre. He is an adjunct Professor of Healthcare Leadership at Curtin University and was Project Director for the establishment of the Curtin Medical School. He was formerly the Director General of the WA Department of Health and Chief Executive Officer of St John of God Hospital Subiaco. He currently consults widely through Australis Health Advisory to health clients in governance, implementation of reform and change management, developing strategic directions and leading turnarounds. He holds Bachelor's degrees in Medicine and Surgery, a Masters in Business Administration from the University of WA and a Masters in Theological Studies from the University of British Columbia.

Redefining Healthcare Sustainability: Adapting to Aging Populations and Shifting Care Needs

Professor Tonomori HASEGAWA

*Professor, Toho
University School of
Medicine, Japan*

Prof. Hasegawa is a Professor and Chair of the Division of Health Policy and Health Service Research Department of Social Medicine at the Toho University School of Medicine of Japan. He had his medical education at the Tokyo University School of Medicine, where he also received his Doctor of Philosophy. He was previously a Resident at the Tokyo University Hospital in Internal Medicine.

He is a member of the Japanese Society of Public Health, Japanese Society of Hygiene, Japanese Society of Transplantation, Japanese Society of Hospital Administration, and Japanese Society of Healthcare Management. He also holds membership of the following specialist councils or committees: Ministry of Labour, Health and Welfare, Committee on Disclosure of Healthcare Information, Committee on the Administration of Healthcare Organisations, Cabinet Office Council for Regulatory Reform, Office for the Promotion of Regulatory Reform and Private Finance Initiative, Japan Council for Quality in Health Care Center for Medical Accident Prevention (vice-chair).

Prof. Hasegawa's research background includes health policy, health economics, and quality assessment of health care.

Political Economy of Health

**Professor Gordon
LIU**

*Peking University
BOYA Distinguished
Professor of
Economics, China*

Prof. Gordon G. Liu, Ph.D., Peking University (PKU) BOYA Distinguished Professor of Economics at the PKU National School of Development, Dean of PKU Institute for Global Health and Development, and an elected member of the Chinese Academy of Medicine, and Director of PKU China Center for Health Economic Research. Professor Liu currently serves as the Chinese co-organizer of the U.S.-China Track II Dialogue on Healthcare, and sits on the State Council Health Reform Advisory Commission. He was previously on the fulltime faculty at the University of Southern California, UNC-Chapel Hill, and PKU Guanghua School of Management.

He has served as associate editor for several academic journals including China Economic Quarterly and Health Economics, and the editor-in-chief for the China Journal of Pharmaceutical Economics.

Preparing National Health Systems to Cope with the Impending Super Ageing and Its Associated Complexities in Korea: Towards a More Sustainable Health System

**Professor
Dongwoon HAN**

*Professor, College of
Medicine, Hanyang
University, South
Korea*

Prof. Dongwoon HAN, MD, MPH, PhD (in health service management) is a Professor at College of Medicine, Hanyang University, College of Medicine, and the Chairperson of Global Health and Development. He was also a chairperson of both the Department of Preventive Medicine, College of Medicine, and the Department of Medical Administration at Graduate School of Public Policy. He is also currently the Director of Institute of Health Services Management, Hanyang University. He received a bachelor's degree in medicine from College of Medicine, Hanyang University College of Medicine, master's degree (MPH) from Seoul National University, Graduate School of Public Health, and a doctoral degree from The University of Birmingham (UK). Prof. Han was a member of WHO working group for various health related topics including traditional medicine. For many years, he has worked as short-term consultant at many developing countries, Vietnam, Nepal, Cambodia, Iraq, Afghanistan, Peru, Honduras and so on. In his country, he has advised national and local governments on health promotion, health planning, and Official Development Assistant (in Health). Since 2004, he has been working to establish a public health programme using traditional Korean medicine in public health care system. Prof. Han is serving as Director of the National Traditional Korean Medicine Research and Development Centre. From 2010 to 2012, he had also directed a research team on the evaluation of Korean Case Payment System (KCPC) funded by the Health Insurance Review Agency (HIRA).

Preparing the Health Workforce for Health in the Age of Digital and AI

**Dr Louise
SCHAPER**

*Director, Comperio
Pty Ltd and Former
CEO, Australian
Institute of Digital
Health, Australia*

Dr Schaper is on a mission to fix healthcare. She is an internationally renowned digital health leader and passionate advocate for innovation of the health ecosystem at scale. She has 20 years' experience as a catalyst at the intersection of innovation and health, including a 14 year tenure as CEO of the Australasian Institute of Digital Health. Dr Schaper has a background as an occupational therapist, a PhD in technology acceptance among health professionals, is a graduate of Stanford's Executive Leadership Program, a Certified Health Informatician, a Salzburg Global Seminar Fellow and a Fellow of both the International Academy of Health Sciences Informatics and the Australasian Institute of Digital Health. Through her company, the Health Intelligence Agency, Louise advises companies, start-ups and governments on strategy, policy, commercialisation, and approaches to empower the health workforce and consumers. She is always online and yes, she has the coolest job!

Designing Innovative Health Management Programmes for Sustainable Healthcare Systems

**Dr Jalal
MOHAMMED**

*Senior Lecturer,
University of
Canterbury, New
Zealand; SHAPE
Executive*

Dr Jalal Mohammed is an award-winning academic, consultant and health management specialist with over 17 years of experience in the education and health sectors. Jalal centres his practice around the learner. His particular interest in creating engaging technology-enhanced learning environments has won teaching excellence awards and international recognition through his role in advising the UNDP Pacific Office on e-Learning.

Jalal is a Senior Lecturer (Above the Bar) at the University of Canterbury. Previously, he was Head of the Department of Public Health at the Auckland University of Technology. He is also an Adjunct Professor with the University of Fiji. He is also an Executive Member of the Aotearoa Fiji Research Collective and founder of the Pacific Online Learning and Teaching Network, a community of practitioners across the Pacific committed to developing online learning and teaching in the region. He has also served on the National Council of the Public Health Association of New Zealand.

Jalal holds a doctoral degree in public health focusing on health systems and several Master's degrees in Public Health, Education and Business Administration. Dr Mohammed is also a Fellow and Certified Health Executive of the Australasian College of Health Services Management and an Associate Fellow of the Higher Education Research and Development Society Australasia. He lives in Christchurch, New Zealand.

Evaluation of the Effect of Medical Consortium on Inpatient Services Utilization and Costs in Guangzhou City, Southern China—Analysis Based on a Difference-in-Difference Method

**Dr Hui ZHANG
(Vivienne)**

*Associate Professor,
Department of Health
Policy and
Management, Sun
Yat-sen University,
China*

Professor Hui Zhang is Associate Professor in the Department of Health Policy and Management, School of Public Health, Sun Yat-sen University of China. Her research interests are health policy evaluation, health insurance reform, economic burden of diseases, and telemedicine evaluation. She is now the member of Health Insurance Professional Committee of the Chinese Society of Health Economics; the member of Health Services Management Division of the Chinese Preventive Medicine Association; and the member of Guangdong Province Society of Health Economics. She has got more than 10 grants including the National Natural Science Foundation of China; the Natural Science Foundation of Guangdong Province; China Medical Board Open Competition Research Project, and published more than 30 international and domestic journals such as Social Science & Medicine, BMC Health Services Research.

Health System Resilience and Sustainability in India: Opportunities and Challenges

**Professor Bhuputra
PANDA**

*Professor & Director,
School of Public
Health, KIIT Deemed
to be University, India*

Prof. (Dr.) Bhuputra Panda is a well-accomplished public health professional of national repute, with over two decades of teaching, training and practice in public health. He has a doctoral degree from TISS (Mumbai) and a Gold Medalist in Health Administration during his Master's programme from the same Institute. He worked for about a decade on specific thematic domains and in international organizations, such as, Pathfinder International (adolescent reproductive health), Sightsavers International (eye care), CARE International and CINI (child health), and Ministry of Health, Govt of Odisha (capacity building). From 2010 onwards he is actively involved in the academic and research world (PHFI and currently in KIIT Deemed to be University) focusing more on health systems health services research, public health teaching, training and advocacy. His key domains of interest are: health systems and health services research, policy and governance in health, maternal and child health, heat stress, tobacco control and programme evaluation. He has collaborated with several international and national donor agencies, research organizations and academic institutions, including the BMGF, Tata Trusts, Govt of India - Ministry of Health, Govt of India - Ministry of AYUSH, UNICEF, Avanta Foundation, World Food Programme, Wellcome Trust, MMV, NHM Odisha, State governments of Odisha, Chhattishgarh, Maharashtra, West Bengal, Rajasthan and Madhya Pradesh. Dr Panda has substantial collaborative work with Access Health International, Harvard T.H Chan School of Public Health, University of Michigan, Johns Hopkins Bloomberg School of Public Health, Mahidol University School of Public Health, University of Sydney and Kent State University, USA.

The Role of Primary Health Care in Sustaining the Health System During the Public Health Emergencies in Thailand

**Dr Mathuros
TIPAYAMONGKHOLGUL**

*Associate Professor,
ASEAN Institute for
Health Development,
Mahidol University,
Thailand*

Dr. Tipayamongkhulgul is the Acting Deputy Director for Research and Academic Affairs at the ASEAN Institute for Health Development, Mahidol University. Previously, she served as a public health officer at the Department of Disease Control within the Thailand Ministry of Public Health. In this role, she was instrumental in the Plan Formulation and Evaluation Section at the Bureau of AIDS, Tuberculosis, and Sexually Transmitted Diseases.

Her transition to Mahidol University followed the completion of her doctorate degree in Epidemiology from the College of Public Health at National Taiwan University. At Mahidol, she initially took on the role of Chair of the Master of Public Health Program, overseeing epidemiology-related courses, leadership and public health skill development, and universal health coverage initiatives.

Throughout her academic career, Dr. Tipayamongkhulgul has made significant contributions to a variety of research areas, including infectious disease epidemiology, mental health epidemiology, program and policy evaluation, and implementation research. Her work continues to impact public health policies and practices.

KEYNOTE PRESENTATION MODERATORS

Dr Hon David LAM Tzit-yuen

Legislative Council Member, HKSAR

Dr SH LIU

*President, Society for Innovative
Healthcare Hong Kong*

A/Professor Zhanming LIANG

*Conference Chair and
President, SHAPE, Australia*

Dr Hok Cheung MA

*President, Hong Kong College of
Health Service Management*

Dr Fowie NG

*Associate Professor, School of
Management, Tung Wah College*

Dr FONG, Yuk-fai Ben

*Professor of Practice (Health Studies)
and Associate Division Head, PolyU CPCE*

Programme Rundown on 8 July

Time	Venue	Event
9:00 am - 9:15 am	Outside UG06	Registration and Coffee
Opening Ceremony		
9:15 am - 10:00 am	UG06	<p>Guest of Honour Dr LEE Ha-yun, Libby Under Secretary for Health, Health Bureau, HKSAR</p> <p>Welcoming Professor Peter P. YUEN Conference Chair and Dean, College of Professional and Continuing Education, The Hong Kong Polytechnic University</p> <p>A/Professor Zhanming LIANG Conference Chair and President, Society for Health Administration Programs in Education, Australia</p> <p>Opening Address Dr Hon David LAM Tzit-yuen Legislative Council Member, HKSAR</p>
